

# Tolulope Oyejide

## Google Certified Data Analyst

I am an expert data translator who transforms data (small or big) into insightful knowledge that solves business problems and inspires innovation. I have an excellent understanding and proficiency of platforms for effective data analyses, including SQL, R, Big Query, Tableau, PowerBI, and Spreadsheet. Strong communication, organizational, and analytical skills. I completed the Google Data Analytics Professional Certificate, a rigorous, hands-on program that covers the entire scope of the data analysis process.

## PERSONAL PROJECTS

- In this project, I used tidyverse packages in R programming and a spreadsheet to analyze Fitbit users data and made insightful recommendations to Bellabeat Technology Company in order to improve her products quality and marketing activities.
- In this project, I used Power BI Desktop to develop a dynamic and operational dashboard for SmartCare Hospital Limited which helps her track and analyze employee feedback data in order to evaluate employees performances and improve staff retention(lower attrition).
- In this project, I used Power BI Desktop to develop a dashboard that helps Maven Stores analyze her sales data and forecast trends across all of its outlets in order to optimize her operations.
- In this project, I used SQL and Quick DB to develop a relational database for BuyPlux Multiresources Limited which allows them to capture and store all of the key information and data generated by the business.

## WORK EXPERIENCE

- **Website Developer** 01/2023 to Present  
Freelancing  
Research, design and implement technical specifications for projects based on user requirements
- **Cloud Engineering Intern** 06/2021 to 12/2022  
The Cloudtician Inc, USA  
To improve cloud governance, I communicated cloud concepts to both technical and non-technical audiences across various units within the customers organization.  
  
Translated Information Security Policies and Procedures into language that both business and technical persons could understand
- **Website Developer** 09/2019 to 06/2021  
Servibay Pro Company Lekki, Lagos  
Participated in and facilitated communication of technology needs and requirements to clients and stakeholders

## INTERESTS

 Artificial Intelligence

 Digital Transformation

## GENERAL SKILLS

- + Data Cleaning
- + Curiosity
- + Data Validation
- + Technical Mindset
- + Data Merging
- + Analytical Thinking
- + Data Aggregation
- + Structured Thinking
- + Data Analysis
- + Design Thinking
- + Data Visualization
- + Communication
- + Data Storytelling
- + Data Presentation

## TECHNICAL SKILLS

### Operating System:

Windows, Linux

### Database/Server:

MySQL, SQL Server

### Programming Language:

HTML5, CSS3, C Programming, R Programming, SQL.

### Other Software/Tools:

Tableau, PowerBI, Spreadsheet, AWS Services, Prezi, QuickDB, Big Query.

## CERTIFICATIONS

Google Business Intelligence Professional Certificate  
In-view

Google Data Analytics Professional Certificate  
05/2023

AWS Certified Cloud Practitioner  
09/2022

## EDUCATION

### Petroleum Engineering (B.Eng) - 2.1

Federal University of Petroleum Resources  
Effurun ( 2011 -2016)
